

Color Without Compromise

Elevate your surroundings with our top hues – reliable shades that stand the test of time.

Unveil timeless elegance with our *signature hues*.

THERE'S NO BETTER FEELING THAN FINDING THE PERFECT PAINT COLOR

To achieve a well-balanced color scheme, use the simple 60 | 30 | 10 ratio.

60% PRIMARY COLOR
Will be used the most in the room.

30% SECONDARY COLOR
For ceiling, cabinets or accent wall.

10% ACCENT COLOR
Typically used for trim, cabinets or décor.

Trying color in your home is the best way to make sure the color works.

TIP #1

Test your swatches! Colors may look different from room to room depending on the lighting.

TIP #2

Use furniture, décor and window treatments to aid in color coordination.

PPG | 400 BERTHA LAMME DRIVE | CRANBERRY TOWNSHIP, PA 16066

The colors shown in this brochure are produced using a printing process which approximates the actual paint color. Lighting affects how the color will appear. For best color representation, view an actual color swatch in the space you wish to paint.

Color chips are affected to some degree by the type of light in which they are viewed, exposure to heat and light rays as well as the age of the chip itself. Therefore, there may occasionally be a slight difference between the color and sheen of the chip shown and the actual paint when applied to a surface.
