

PPG SERVICES FOR NATIONAL RESTAURANT FACILITIES

Restaurant facility managers are faced with a significant list of responsibilities in order to keep their restaurants updated and on-brand, as well as functioning properly to provide a positive experience for guests.

PPG Services, powered by Paintzen technology, allows facility managers to more effectively manage the painting of their restaurants nationwide, saving time and ensuring consistency across all locations.

The atmosphere of your restaurant is just as important as the experience you're serving up to customers. **PPG Services takes your painting off your plate** - so you can focus on ensuring your guests enjoy what's on *their* plate.

BENEFITS FOR RESTAURANTS:

- Consistent paint specs for proper brand representation
- Transparent, consistent & predictable pricing
- Reporting capabilities through instant access to job data, site photos, schedule dates and project phases
- Flexible scheduling including night work to avoid disruption of business
- National network of fully sources, vetted, reliable paint contractors for fast, efficient job completion

SERVICES INCLUDE:

- Multi-site refresh programs
- Re-branding & renovations
- Reactive & preventative maintenance programs
- Paint color, product specifications & color matching
- Speciality coatings, lacquering, wallcoverings
