

# Maintenance Solutions For HEALTHCARE FACILITIES

## Hospitals

### MAINTENANCE MATTERS.

Healthcare facilities provide unique maintenance challenges due to the broad range of demands placed on their physical space and the tight timelines required.

**Patient rooms, operating rooms, hallways, cafeterias**

- no place is off limits to wear and tear. The *PPG Paints* Maintenance Team understands these needs and is here to partner with you.

### THE PPG PAINTS™ PARTNERSHIP ADVANTAGE

- **Dedicated Maintenance Sales Specialist**
- **On-site consultations with problem area identification and tailored product solutions**
- **Facility Paint Maintenance and Operating Binder documenting both product and color**
- **Development of specifications that meet performance and budget requirements**
- **Standardized solutions that drive efficiency**

### THE POWER OF COLOR

PPG is a global coatings and color leader who understands the power of color. Color and design play a critical role in healthcare facility management so we're here to help!

- ✓ **Color accuracy, standardization and consistency**
- ✓ **Industry-leading color trend and design research, regional reports and customer-centric presentations**
- ✓ **FREE professional color rendering services and assistance**
- ✓ **National sales and color support team ready to help**

**Because Every Job Matters®**

The *PPG Paints* brand is available at more than 2,400 company-owned stores and independent dealers nationwide.

## PRODUCT SELECTION

Several key considerations need to be taken into account when selecting the appropriate paint products:

Areas where fast turnaround times are needed to ensure minimum disruption like patient rooms, lobbies, and cafeterias.

Areas where zero or low-VOC and low-odor products are required like lobbies and patient rooms.

Exterior areas subject to the harsh effects of the weather like facades, entry ways and stairways.

High traffic areas that take physical abuse like hallways, stairways, entryways, cafeterias, and patient rooms.

Areas that need to withstand rigorous cleaning procedures such as hallways, operating rooms, patient rooms, and cafeterias.
